

Seattle Generation Work Major Results			
Major Result Areas	Short-Term Indicators (2017)	Short-Term Results (April 2017)	Notes
Improve supply of demand-driven, supported on-ramp pathways	15 young adults enrolled in airport re-engagement program	5 young adults enrolled (AU soft launch was April 17)	HS 21+ launched in April; Open Doors to launch in Fall 2017
	15 young adults enrolled in entry-level manufacturing training	7 young adults enrolled (SSC-PHS-AJAC Manufacturing Academy)	4 of 7 do not have HS diploma; Need to begin identifying opportunities for developing contextualized high school completion manufacturing pathway(s)
Increase coordination of re-engagement and demand-driven pathways	20-30 young adult airport workers, job seekers and/or SSC manufacturing students enrolled in SEA college navigation services	1 airport worker enrolled with SEA Education Advocate (SEA began meeting with students in April)	SEA/PJ MOU in development; SEA will station education advocate at the airport & SSC Georgetown; Georgetown focus will be on Mecha Ready (June cohort), may also include some YouthBuild students
	75% of young adults working with SEA, PJ, and/or SSC see increased stability in at least one life domain	TBD	ALA using life domain tool in interviews, need to coordinate use of tool with PJ, SEA and SSC
	All 17 partner agencies attend quarterly GW learning community meetings	12 partner agencies participated in joint February OYAG/Gen Work learning community	More clarity needed for roles of partners in these meetings and how to navigate/coordinate partners who participate in re-engagement network meetings but not OYAG/Gen Work meetings
	Joint funding plan developed and in place	TBD; United Way to help fund AU high school completion program	Need to discuss/clarify more with partners
Improve quality of supported on-ramps to career pathways	#/% young adults and employers satisfied with supported on-ramp programs	TBD	Clarify with ALA how this should be monitored/tracked
	Improvements in pathways made on a timely basis using employer/young adult feedback	TBD	Examples from ALA and/or Gen Work partners?
	Core Leadership and Planning partners participate in race equity training and identify next-step strategic actions	Scheduled for summer	PSESD to lead; need to clarify who will participate
	100 young adults enroll in training (AU and/or SSC) with 70% earning credits, a credential and/or certificate and 70% advancing to next-step jobs or education	55 Total: 39 AU enrollments (88% completed class & earned credits; 81% earned industry certs; 29 young adults awarded AA AU scholarships); 16 SSC Georgetown enrollments (100% completed program & earned credits/certificates; 63% advancing to next-step jobs or education)	Follow-up: did any AU enrollments also receive AA scholarships? Also, how many AU completers found jobs?
	700 young adults find employment at the airport	175 young adults got hired into 184 jobs at airport	18% 17-19; 53% 20-24; 29% 25-29; Top 5 hiring companies: Swissport USA; Menzies Aviation; Worldwide Flight Services; Smarte Carte Inc; Sodexo Magic; <i>Need average wages</i>
Increase awareness of and access to supported on-ramps to career pathways for young adults and employers	Of ReOpp young adults referred to PJ and/or SSC, 35% will enroll	Of 17 ReOpp young adults "linked" to TDL/Manufacturing pathways, 42% enrolled (compared to 55% linked/enrollment rate for all regional education/employment pathways)	23% regional referral/enrollment rate for all education/employment programs (60 enrolled/placed of 259 referrals; 110 of 259 linked)
	Outreach and Recruitment Best Practice Guide developed and shared with GW partners	In development - ALA to begin interviewing ReOpp youth who successfully enrolled in programs	County also surveying young adults who did not successfully enroll through P3 funding
	Co-sponsored annual event held to recognize employer champions in TDL and/or Advanced Manufacturing partnerships	TBD	Talk with PJ, SSC, AJAC, Educurious, City, County, WDC etc. about co-sponsored event
