

The Road Map Project  
**Family Engagement Institute**

# Tukwila School District

# WHAT WE LEARNED...

- Building all stakeholders' capacity to enhance student social, emotional, and academic success is crucial.

- Shifting from “schools are inviting families” to “families are inviting schools” to eliminate educational debt (WE OWE THEM!!!!)

- There is no “neutral” zone. You are either “in” or “out”.

**CHOOSE**

# WHAT'S NEXT...

- **NEXT STEP 1** Coordinate with community organizations and families to provide professional development opportunities for all stakeholder capacity (Customer Service training for staff, family academies)
- **NEXT STEP 2** Create family Engagement Institute Committee with a purpose of advising leadership of TSD in highlighting local resources that support Race and Equity policy implementation
- **NEXT STEP 3** Organize and facilitate community panels (parents, students, community advocates)
- **QUESTIONS-** HOW DO WE EVALUATE AND PROGRESS MONITOR THIS WORK?
